

**AIHA-NCS All-Day Professional Symposium**  
*Emerging Technology and Emerging Issues in Occupational Health*

**THURSDAY, JUNE 22, 2006**

Stanford University  
Center for Integrated Systems  
Cypress Conference Room (first floor)  
420 Via Palou  
Stanford, CA 94305-4070

Come and hear subject experts introduce us to and/or provide us with the most recent developments with several emerging technologies and emerging issues in the occupational health arena. Topics and speakers are:

- *Keynote Presentation* – : Update on Pandemic Influenza and Worker Protection – Max Kiefer, CIH, Assistant Director for Emergency Preparedness, NIOSH
- History, Implementation, and Evolution of the Chemical Hazard Categorization and Control Banding System – John P. Farris, CIH, SafeBridge Consultants
- Nanomaterials: Risk Assessment and Best Practices – Lawrence M. Gibbs, CIH, Stanford University
- Elements of A Successful Biosafety Program – Robert Hashimoto, CBSP
- A Journey Through Biotech Manufacturing with an IH Application – Michael Ratelle, CIH, Genentech
- Medical Surveillance Challenges in Biopharma – Jordan Rinker, MD, MPH, University of California, San Francisco
- Development Of A Comprehensive Chemicals Policy in California – Michael Wilson, Center for Occupational and Environmental Health, University of California, Berkeley

Additional information regarding the topics and speakers can be found on the AIHA-NCS website. Attending the Symposium will provide 1 ABIH CM point.
